*The spiritual, historical and cultural experience was beyond what I expected. A profound sense of perspective was the missing part of my understanding that brought it all together.*

*Ken Bock*

*A trip not to be missed! From the Golan Heights to the Dead Sea and everything in between; each place has an interesting history. The ancient sites were fascinating. We didn't know how beautiful Israel is. It really is a jewel in the desert.*

*Gail and Michael Atlas*
